Upon positive evaluation of the Data Access Request, the PROVIDER agrees to provide the link to the MOBIUS DATASET to the LICENSEE and the LICENSEE agrees:

1. That the nominated signatory will, beforehand, sign a Data Access and Processing Agreement, which will specify the scope, nature, purpose, and duration of the processing, define safeguards to be put in place by the LICENSEE for the protection of the MOBIUS DATASET, and set limitations to the data processing.
2. That the LICENSEE will not redistribute the provided link.
3. That the LICENSEE will not redistribute the dataset or its parts. Limited publication for demonstrative purposes (such as figures in an article or paper) is allowed, but must use sufficiently scaled down or watermarked images, such that the identity of the individuals can not be discerned from them.
4. That the LICENSEE will use the dataset for non-commercial research and only for the purposes specified in this request; otherwise the LICENSEE will obtain authorisation from the PROVIDER beforehand.
5. That the LICENSEE will include the following acknowledgement in all eventual publications based on the results gained using the dataset:

*»The images from the MOBIUS DATASET used in this work have been provided by the University of Ljubljana, Slovenia [1,2,3].«*

and a proper reference will be added in the reference section:
